EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the Specification

Page 5: line 16, "wdged" has been replaced with – edged --.

Page 28: line 7, "a" has been replaced with – an --.

In the Drawings

Figs. 9 and 10 have been labeled – PRIOR ART --.

In the Claims

In claim 2: line 3, "side holder" has been replaced with – at least one of said side holders – to avoid confusion between the "lower side holder" and the "at least one of said side holders".

In claims 6 and 10: line 4, "the " has been replaced with – a --, and line 6 (first occurrence), "the" has been replaced with – a --, otherwise "the first side holder" and "the second side holder", recited in lines 4 and 6, respectively, have no antecedent basis.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The invention of the independent claim 1 (Fig. 1) is similar to the invention of the prior art (Figs. 9 and

Art Unit: 2873

10) contained in the present application, except that the prior art fails to teach or fairly suggest the limitation regarding the vertical extension which is to be in contact or highly close to the edge of the lens. With this characteristic in place, a solution film is prevented from occurring (see page 7, lines 5-8). This is an improvement over the prior art. As regards the embodiment of independent claim 7, the improvement can be achieved by a new type of lower side holder as given in last four lines of the claim, with the improvement being the reduction of amount of solution to be gathered on the lens (see page 8, lines 13-18).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Loha Ben whose telephone number is (571) 272-2323. The examiner can normally be reached on Monday to Saturday, generally between 12:00 noon to 8:00 p.m.
